

## WEST'S IMPROVED PUMP.

ANTI-FREEZING, DOUBLE-ACTING, FORCING AND LIFTING.

THESE pumps have now been in general use a number of years, and give better satisfaction than any other, and are recommended as

**THE BEST!**  
by Capt. Ericsson, and other eminent Engineers. We can refer to thousands using them, and guarantee that all will recommend them. They are more simple in construction, and work easier, and cost less than all others.

"Our readers will find the double-acting improved Pump of J. D. West & Co., one of the best in the market. It is very simple, works a charm, so that any child may use it; throws a steady, continuous stream, and does not freeze in the coldest exposure, and is usually cheap. We say this knowingly, and give the testimony of our own accord, without the knowledge or request of the proprietors."—*N. Y. Ec. Post, July 1st, 1863.*

This may certify that I have been using, at my manufactory, for the last four years, "West's Improved Pump." I now have in use three of said pumps, one of which is kept constantly at work, 24 hours each day, (save Sundays) and has been running for the past two years. I pronounce them, unhesitatingly, the best pumps that have been brought to my notice having used many others previously. They are simple in their construction, and not easily disarranged.  
JAMES A. WASS.  
N. Y., Oct. 10, 1859.

**J. D. West & Co.:**  
We are pleased to state that the Pumps we had of you, about a year ago, have been in constant use, 12 hours each day, and raise for the use of our Woolen Factory, about 130 gallons per minute. They work with but little power, compared with pumps we have used before, and do not get out of repair, and are satisfactory in all respects. Yours, &c.,  
DUNLAP MANUFACTURING COMPANY.

**BOLTON ROBINSON to the Farmer's Club, Jan. 23:**  
"No farmer who owns a well or cistern can possibly afford to be without an iron pump. It should be at once a suction and force pump, perfect little fire engine—such a one known as 'West's Improved Pump.' I speak of this pump because I happen to know it. . . . It is very simple, durable, powerful and cheap, and it doesn't freeze up or get out of order in a year. . . . I know this, and think I may be doing the farmers good by speaking of it. . . . A boy 10 years old can work it, and throw a continuous inch-and-a-quarter stream. . . . It can be made to work in deep wells as well as in shallow ones."

[From the New York Observer.]  
We have had in use for months past one of West's Pumps, which has given us more satisfaction as a force and lifting pump than any we have ever used. It is one of great power, and well adapted for ship's docks, mines, factories, green-houses, grapes, &c., &c. The Mining Chronicle and Railway Journal says: "It is recommended for its extreme simplicity of construction, great strength, and consequent durability and cheapness of repair. . . . There is no stuffing box—the pressure being held by a cup packing, like that upon the working piston, working in a cylinder, fitted for the purpose within the upper air chamber—which we think a great improvement, as stuffing is so liable to be deranged, and leak under strong pressure, to say nothing of the loss by friction incident thereto. . . . It has also two air-chambers: thus the action of the valve is cushioned upon both sides by air—preventing water-hammer and vacuum-thump. The valves are very accessible, and simply and cheaply repaired. They work much easier than any pump we have ever seen; the 4 inch cylinder being worked by children in wells 100 feet deep, and as they are extremely cheap as well as simple and strong, we freely recommend them."  
H. B. McCLAIN.

**GR. NECK, L. I., 1860.**  
I have used this pump for one summer and winter, exposed to the North-West wind coming over Long Island Sound, being the coldest possible exposure, and no time did it freeze, nor were we unable at any time to pump water with great ease.  
H. B. McCLAIN.

She undersigned, having to use "West's Improved Pumps," cheerfully recommends them as simple, durable and powerful in raising and throwing water, and for the ease of action, security against frost, and low price, we believe them superior to all others.

**CAMBRIDGE MINE, N. C., June 15, 1863.**  
**J. D. West & Co.:**  
Gents—The pump which I ordered for our Mine is received and put to work in our underlay shaft, which we are sinking. We find that one man will with ease lift 50 tons per minute. We lifted in three and a half hours all the water in the shaft, which measures seven by twelve feet and 30 feet deep, and it was full when we commenced. It answers our expectations in every respect, and our workmen are highly pleased with it. It will do great service with but trifling expense for repairs.  
Yours, respectfully,  
BENJ. HIGGINS.

We have plenty more such certificates, but think these are enough. For Pumps, Hose, Pipe, &c., address or call upon

## GROVESTEEN & CO.,

**PIANO-FORTE MANUFACTURERS,**  
499 Broadway, New York.

THE attention of the public and the trade is invited to our New Scale Seven Octave Rosewood Piano-Fortes, which for volume and purity of tone, and the modern improvements, French grand action, harp, pedal, iron frame, over-strung bass, etc., and each instrument being made under the personal supervision of Mr. J. H. Grovesteen, who has had a practical experience of over thirty years in their manufacture, is fully warranted in every particular.

**THE "GROVESTEEN PIANO-FORTE"**  
Received the Highest Award of Merit over all others at the Celebrated World's Fair! where were exhibited instruments from the best makers of London, Paris, Germany, Philadelphia, Baltimore, Boston, and New York; and also at the American Institute for five successive years, the gold and silver medals from both of which can be seen at our ware-rooms.

By the introduction of improvements we make a still more perfect Piano-Forte, and by manufacturing largely, with a strictly cash system, are enabled to offer these instruments at a price which will preclude all competition.

Now is your time to Subscribe for our New Pacific Monthly, which we cheerfully commend to you as the Excelsior of all the MONTHLY MAGAZINES.

Employing and paying more for Literary talent than any other Magazine in the country, we flatter ourselves that no Department of the Pacific Monthly will suffer neglect from the want of able and well-known

**LITERARY CONTRIBUTORS,**  
representing some of the principal shining lights of the Literary world. We shall make such additional engagements as circumstances may demand. Your special attention is called to our

**ILLUSTRATIONS,**  
which are produced, without regard to expense, by an efficient corps of artists—at whose head stand BRIDGEMAN and MCKENNA, unequalled as Designers and Engravers. We call the attention of the Public to the profusion of first-class illustrations of the varied, and picturesque scenery and local views of the

**GOLDEN STATES AND TERRITORIES OF THE PACIFIC,**

With Descriptive Views and Reading Matter, affording the most reliable and comprehensive medium in existence for full information in regard to California, Oregon, Nevada, and their contiguous and arid territories. The information we give in regard to the Pacific States, alone, is worth ten times the Subscription Price of our Magazine. The twelve numbers, a year's subscription, will be sent, affording two splendid volumes, suitable for the

**DRAWING-ROOM, LIBRARY, OR THE COUNTING-HOUSE,**  
and costing but FIVE DOLLARS, which in years to come will not be purchased for any price. Our

**EDITORIAL DRAWER**  
will abound with selections of Wit, Original Stories, Comic Sketches, and Light Literature, culled from a well-guarded storehouse of fun and incident, affording interesting light reading matter for the Parlor and Fire-side.

**COMIC ILLUSTRATIONS.**  
This Department of the Monthly, under the immediate supervision of McKenna, the celebrated Comic Designer, will be found always rich in Wit, Musement, and appropriate Design.

**FASHION PLATES.**  
Having made special arrangements with MME. DEMONZ, 473 Broadway, New York, for contributions to our Fashion Department, we call the attention of the Ladies to the same, and commend our Monthly to their notice, as containing more information in regard to Dress and the Toilet, than any other Magazine published.

**SUBSCRIBE NOW!**  
Now is the time to Subscribe, and have your volume complete for 1865. We will furnish Back Numbers to such as do not subscribe in time for the January or February number. But to be sure and get them without delay, send in your Subscriptions early. Our Subscription Price is

**FIVE DOLLARS A YEAR,**  
Payable in Advance, upon the receipt of which our receipt, for the same, will be sent in return.

**PREMIUMS IN GOLD!**  
As an additional inducement to Subscribe early, we shall distribute among our Subscribers a large list of valuable Premiums, relying on an extraordinary large Subscription List to compensate us for our liberality. These Premiums will consist of valuable Souvenirs of the Golden Wealth of the Pacific States, and will be as follows:—

1. To any person sending us One Hundred Paying Subscriptions, we will send, immediately, a Twenty and a Ten Dollar Gold Piece, California Coinage; and an extra Copy of the Pacific Monthly for a Year, free.

2. To any person sending us Fifty Paying Subscriptions, we will send, immediately, a Ten and a Five Dollar Gold Piece, and an extra Copy of the Pacific Monthly for a Year, free.

**UNIVERSAL CLOTHES WRINGER**  
317 Broadway, New York.

It was pronounced superior to all others at the World's Fair, in London, 1862. It took the First Premium at the great Fair of the AMERICAN INSTITUTE, in New York City, 1863, where the judges were practical mechanics, and appreciated COG-WHEELS.

IT TOOK THE FIRST PREMIUM AT THE NEW YORK STATE FAIR, 1863 and 1863. VERMONT STATE FAIR, 1863. PENNSYLVANIA STATE FAIR, 1863. INDIANA STATE FAIR, 1863. IOWA STATE FAIR, 1863. ILLINOIS STATE FAIR, 1863. AND AT COUNTY FAIRS WITHOUT NUMBER.

**SELF-ADJUSTING AND ADJUSTABLE!**  
It Saves Time, Labor, Clothes, and Money. It is easily and firmly secured to the tub or Washing-machine, and will fit tubs of any size or shape. It is simple in its construction, and does not easily get out of repair.

It is not only a PERFECT WRINGER, but the Cog-wheel gives it a POWER which renders it a most EXCELLENT WASHER, pressing and separating, as it does, the dirt with the WATER, from the Clothes.

Any Washerwoman can use it—A Child ten years old can use it.

It will save its cost every 6 months, in the saving of clothes.

This means, especially, that after a few months' use the lower roll WILL NOT TWIST ON THE SHAFT, and tear the Clothing, as is the case with our No. 3, and other Wringers without Cog-wheels.

In our monthly sales of over 5,000, only from one to two dozen are without Cogs. In our retail sales, we have not sold one in nearly two years! This shows which style is appreciated by the public. This is the only Wringer with The Patent Cog-Wheel Regulator.

And though other Wringer-makers are licensed to use our Rubber rolls, yet none are ever licensed to use the Cog-wheel Regulator. Therefore, for cheapness and durability, buy only the

## THE CITY MILLS!

**WHITE CLOUD, KANSAS.**

**A. & L. THACKER, PROPRIETORS.**

**"While We Live Let Us Live!"**

THE CELEBRATED WHITE CLOUD CITY MILLS have been lately repaired and supplied with the latest improvements, and can now furnish the public with the very choice of flour that can be produced in the Valley of the Missouri.

The Mills are men of experience, and have always had the reputation of making flour of the very best brands.

Flour will be exchanged at the Mills for wheat, at all times; but when a customer requires his own wheat ground, he will be accommodated at the earliest opportunity, on reasonable terms. The highest market price will always be paid at the Mills, for both Spring and Fall wheat.

By exchanging wheat for flour, our customers will save much time, and have no trouble about misplaced sacks. It is the best system, both for the proprietors and the farmers; and when any one is dissatisfied with the quality of the flour, he can return it and have it exchanged.

Any person storing wheat in the large granaries connected with the Mill, can do so at any time, free of charge, and be entitled, if they sell to the proprietors, to any rise in the price of wheat, up to the first of May in every year.

Farmers who have no convenient barns, can store wheat for their own family use in the Mill, at threshing season, and at any time can throw their sacks in their wagons, and come to mill and get good flour from the burrs, without having to clean up a small grist, or run the risk of having wheat destroyed by vermin, or storms of rain and snow, when exposed in rail pens. The reason why so much inferior flour is produced in Kansas, arises from the fact that few farmers have barns, and after their wheat is threshed, they have not a proper place to store it in, and are compelled to put it out of doors in a rail pen, or under a straw heap, where it is exposed to rain and damp, and never can be ground into good flour afterwards.

The wheat taken immediately from the threshing floor and stored in the Mill, is kept dry and in good order, and therefore makes superior flour.

Bring us your wheat, and we will buy Your every wish to satisfy: We'll store your wheat and keep it dry, And grind it into flour. 'Twill please your wife to have the best Of flour, that bakes with little yeast—When wives are happy, homes are blest; And it is in your power To save expense, and loss of time—Embracing all the chances, To keep a smiling wife at home. With the best of flour in Kansas.  
White Cloud, March 9, 1865-ly. A. & L. THACKER.

**TO CONSUMPTIVES.**  
Consumptive sufferers will receive a valuable prescription for the cure of Consumption, Asthma, Bronchitis, and all Throat and Lung affections, (free of charge,) by sending their
